

Carlos Alberto Gamero Cano

Full Stack Developer

Senior Full Stack Developer with 14+ years of experience building scalable web applications, APIs, and enterprise systems. Specialized in PHP (Laravel) with solid knowledge of databases (MySQL, PostgreSQL, Oracle, SQL Server), I also have experience collaborating with Java (jsp, servlets, etc.), modern JavaScript frameworks and cloud technologies. Proven track record in remote collaboration, delivering high-quality solutions for telecom, government, and healthcare industries. Strong focus on clean code, performance optimization, and teamwork.
